We the Undersigned, hereby state:

THAT AFSPA is a legislation act passed on September 11, in 1958 and we are alarmed at the Government's adoption of a military tyranny.

THAT fundamental human rights are not a reality for many in the country as human rights abuses attributed to AFSPA constitute a nationwide fear that give rise to serious damage and infringe upon the constitutional protections that are enshrined in Fundamental Rights of Indian Constitution.

THAT under this act military operations compromise human rights of the citizens impairing social harmony which is not patriotic, but rather destroys the very dignity of democratic principles.

THAT security forces are given unrestricted power to carry out their operations once an area is declared disturbed amounting to violation of human rights in the form of arbitrary detention, abuse, discrimination, enforced disappearance, and killing.

THAT the enforcement of AFSPA has resulted horrifying incidents of human rights violation by giving security forces legal impunity for their actions.

THAT we strongly urge the government of India to rehabilitate those affected by the military operations, hold talks with civil society groups, and establish independent body to work very closely with the people of the places where AFSPA is imposed.

THAT we call on the government of India for immediate and total repeal of AFSPA so that every citizen is entitled human rights and freedoms which must be respected and protected by the nation. Mr. Chidambaram, Hon'ble Home Minister of India; cc. Dr. Manmohan Singh, Prime Minister of India

22.	Gunedhor Moirangthem	Imphal, India	<i>(continued from previous page)</i> Manipur there are ways and step to do. The Government has given lots of false promise to repeal and lift the Act from the State however, it continues to remain, but why? Our representatives are elected by us once they come in power they do nothing. We the citizen(voters) are to be blamed because we have failed to elect the right person, in the name to lift and repeal AFSPA they get lots of votes once they are in power they use the Act to protect themselves for extraneous consideration. Cry cry louder if you fail to choose the right person to represent you. My dear friends, I simply cannot remain silent and become a silent spectator, but then we have failed miserably to elect our representative and unless we wake up from this mistake, AFSPA will remain forever and we will suffer forever. Let us all join hands and elect the right person who can really represent us. Llet us not sell our ballot let us preserve our integrity only then AFSPA will go. Cast your valuable vote to choose your right representative, let us not sell the ballot and take a wrong decision to repent and cry over AFSPA.

31.	Waikhom Bronandro Meitei	Imphal, India	Mr honorable home minister P. Chidambaram, sir, we have high hopes and expectation from the present govt led by UPA: that the plight and agony of the MANipuri people in particular and the NE INDIA people in general will be listened to. We have been suffering for to long under the militariation and the discriminating laws as inhuman and undemocratic as AFSPA,1958. We were neglected and kept out of attention for so long by the past many central government. but we highly hope that the present govt will not commit the same mistake again. The insurgency problem is a political problem not military, you have to admit that , sir. and it has been going on for too long (40 + years). we highly hoe that you will take the matter very seriously. <i>(continues on next page)</i>

37.	Lynna Mustapha	Kuala Lumpur, Malaysia	Buddhists believe that saying the mantra (prayer), Om Mani Padme Hum, out loud or silently to oneself, invokes the powerful benevolent attention and blessings of Chenrezig, the embodiment of compassion. All of the Dharma is based on Buddha's discovery that suffering is unnecessary: Like a disease, once we really face the fact that suffering exists, we can look more deeply and discover it's cause; and when we discover that the cause is dependent on certain conditions, we can explore the possibility of removing those conditions. Buddha taught many very different methods for removing the cause of suffering, methods appropriate for the very different types and conditions and aptitudes of suffering beings. For those who had the capacity to understand it, he taught the most powerful method of all, a method based on the practice of compassion. It is known as the Mahayana, or Great Vehicle, because practicing it benefits all beings, without partiality. It is likened to a vast boat that carries all the beings in the universe across the sea of suffering. Om Mani Padme Hum "Hail to the Jewel in the Lotus" the mantra associated with Avalokiteshwara (Quan Yin, Chenrezig, Kanzeon), the manifestation of Compassion.
